Lauren Whitaker	5	I would not recommend any other place in Mountain Home for your child to attend other than the one and only Mountain Home Montessori. Not only are they amazing teachers and staff with a beautiful kept facility, but the LOVE and compassion they have for each child is touching and like no other.	12/16/16
Danielle Campfield	5	This is the most caring staff I have had the privilege to know. Their first concern is always the children. They care for the children like they are their own. I have never felt that my child was unsafe or un-cared for while at Montessori.	12/16/16
Crystal Davis	5	They are very loving, caring and are all around a great pre-school! I am always amazed at what my children come home and tell me what they have learned at school that day. I couldn't have made a better choice in Pre-school than Mountain Home Montessori School.	12/16/16
Tass Grisham	5	Montessori is an exceptional place for my child and has exceeded every expectation I could have for them. As a parent, I am thrilled to pick up my daughter at the end of the day and see she is well kept, happy, and always has a cubby full of crafts. The teachers (especially, Teresa, Patricia, sandy, Vicky ,Gina) are fantastic and go above and beyond to ensure I am up to date and aware of how her day was, as well as any upcoming activities I need to prepare for. My daughters father and I are divorced and the Montessori staff goes out of their way to ensure both he and I have our own forms, announcements, etc. and even has her make two set of crafts for each of us. Anytime I call the school I always get a prompt, professional answer and never feel like they are being interrupted (even though they are very busy and it does in fact interrupt their day!) or in any way inconveniencing them. I have always felt 100% comfortable with my daughter in their care and will continue to send her there until Kindergarten!!	12/21/16
Lorie McCracken	5	Very caring	12/21/16
JoAnn Greenlee	5	There is a good reason why this school has a waiting list. The administration, teachers and support staff members are amazing! It is abundantly obvious that these people have a passion for what they do. They truly invest in the children. A student that is in the Montessori program is easily distinguishable from many other children, as a result of this highly organized and effective environment.	12/27/16
Rebecca Martin	5	Montessori has provided my 3 children with structure and independence I did not know them to be capable of. They taught my son to read before I realized it was even time! Each child has grown by leaps and bounds after beginning at Montessori.	2/27/17
