

Dear Parents

Happy February! It has been a great start to the new year as the kids are progressing so much every day. They are learning new sign language and nursery rhymes and are even starting to sing along with us.

We love to really engage the children in our circle time routine everyday with lots of fun costumes, pop-up books and making them feel a part of circle by letting them help individually with each activity. They have so much fun!

This month we will be focusing on teaching the children how to show love to one-another and how to share!

Ms. Dorothy and Ms. Tiffany
